Dear Dr. Falconer:-

We were all very much disappointed that you were not present at the dinner of the University of Toronto Club and especially so as illness prevented. I wanted to speak to you about a young physician, Dr. Alan Brown, who came here from Toronto several years ago and has been making a specialty of children. He has finished with us and is now studying chemistry in Germany but expects to be in Toronto in May to begin his practice.

Dr. Holt and all the physicians connected with the Hospital think most highly of Dr. Brown's attainments in his profession and that Canada is very fortunate in having him settle at home. If you have a vacancy in the Hospital or College I would recommend that you consider his record.

With kind regards, I am ,

Yours sincerely,

Walter F. Chappell

My dear Dr. Chappell:

I was very much disappointed at not being able to be with you at the University of Toronto dinner. However, I am glad to know that it went off very well. My cold was such that serious consequences might have resulted had I gone.

I am glad to have your commendation about Dr. Alan Brown, and I will communicate with Mr. Ross Robertson of the Sick Children's Hospital, and forward your letter to him. Please give my kind regards to Mrs. Chappell and your family,

I am,

Yours sincerely,

President.
